WHO AM I?

My name is Tim Moser and I am a 26-year-old university graduate living in Winterthur with a cumulative four years of experience as a developer.

I would describe myself as a coder at heart who loves to solve problems creatively and work in a dynamic environment with new challenges every day. I am passionate about creating, improving, and learning anything tech.

Java-/ TypeScript
HTML / CSS
Java / Spring
Python
PostgreSQL / MySQL
C / C++ / C#

RELATED WORK EXPERIENCE
